DETAILED ACTION

1. The Amendment filed on 8/22/2005 has been entered.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Borquist (WO 85/01241) in view of Bouix et al (FR 2,748,962).

Borquist discloses the invention substantially as claimed except for at least two sets of upper and lower cutting tools. However, Bouix et al teaches a stamping device and method in which at least two set of upper and lower cutting tools are used to cut the product parts for the inherent purpose that two sets increase the overall production thereof. Note e.g., Fig. 1. Thus, it would have been obvious to the ordinary artisan at the time of the instant invention to provide the device and method of Borquist with the at least two sets of upper and lower cutting tools as taught and suggested by Bouix et al in order to facilitate increased production of cut pieces.

Response to Arguments

4. Applicant's arguments with respect to claims 1-28 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Johnson '978, Mihalov et al, Sterr et al, Johnson '032, Morrison, Cavlin et al, Morimoto, Spano et al, and Emery et al are cited as additional pertinent art.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles Goodman whose telephone number is (571) 272-4508. The examiner can normally be reached on Monday-Thursday between 7:30 AM to 6:00 PM EST.
